

Govt approves ILS as referral hospital

By Our Reporter

Agartala, Sept 29 : State's first Multi-specialty hospital ILS Hospital has been recognized as referral centre by the Government of Tripura. "we are honored and very happy to inform that Government of Tripura has allowed the ILS Hospital to act as a referral centre", informed Mr. Debasish Dhar (Group Vice President of Marketing) in a press conference held today at the Academia Hall of the hospital. Relating to the same the cardiac unit of the hospital has been providing a world class service to the people with advanced quality of care having world class cardiac procedures including Coronary Angioplasty, Temporary and Permanent pacing, Bypass surgeries, thrombolysis etc.

On the occasion of World Heart Day, ILS Hospital today has organized a

Press Conference with the theme 'Walk For Your Heart'. The press meet was attended by Medical Superintendent of the hospital Dr. Goutam Das and

Dr. Ashish Kumar Agarwal MBBS, MD, DNB (Cardiology). The heart specialists today termed walking as the best medicine to curb all sort of heart diseases. Apart from that, the doctors have also prescribed to avoid smoking and

junk foods while giving stress on physical exercise and controlling stress. The experts also suggested that we all can avoid the elevators and walk on our foot to avoid heart diseases.

GPT Healthcare Private Limited, the healthcare division of GPT Group, owns and operates the state-of-the-art multispecialty hospital ILS. And in the year 2011 it had begun its journey in Tripura. Within a span of less than two years, the hospital has been promoted to states referral hospital by the government. With that, the state now possesses two referral hospitals with GB hospital. The state government accorded the award to ILS on last September 19. As a part of observing the day, the hospital has also organized Healthy Heart Walkathon this morning wherein around 400 people from in and around Agartala participated.
